

OPTOCAM^{NV} SpotterScope

KEY FEATURES:

- / Compatibility with various 30mm eye relief night vision devices
- / Unified system – camera, optics, and DVR
- / Plug & Play
- / Power comes directly from the attached DVR screen.
- / Lightweight and compact around 170gr
- / TSR has zero effect on scope's field of view and image

The OPTOCAM^{NV} SpotterScope System was developed in collaboration with best special units and LE agencies and it is used by these forces since.

The OPTOCAM^{NV} SpotterScope systems are being used on the borders for special law enforcement activities, as well training, and spotting missions.

OPTOCAM^{NV} SpotterScope systems are add-on products, recording directly through the device eyepiece while presenting a live-view image on a monitor.

OPTOCAM^{NV} SpotterScope
